EDUCATION

Florida International University — B.S. in Computer Science

Expected Dec 2026

GPA: 3.75

TECHNICAL SKILLS

Languages: Python, Java, C, JavaScript, SQL, HTML, CSS

Frameworks & Tools: React, React Native, Next.js, Node.js, Express, Flask, PostgreSQL, REST APIs, Git

Specializations: AI/ML, Computer Vision, TensorFlow

EXPERIENCE

Handshake — IT Support Specialist

July 2026 – Present

- Support students and employers with account access, profile settings, and platform issues via ticketing system.
- Document findings in Atlassian and Guru knowledge bases; escalate account merges and trust-and-safety issues to specialized teams.

Conduit Computing — Software Engineering Intern

July 2024 – Jan 2026

- Developed key cross-platform features for the **Chummy** mobile application utilizing React Native and Next.js.
- Engineered frontend and backend data integrations to facilitate real-time data processing and smooth user experience.

Codecraft Works — Teaching Assistant

May 2024 – June 2024

- Instructed K-9 students in programming fundamentals using JavaScript, HTML, and CSS.
- Designed interactive coding curricula and hands-on projects to promote practical software comprehension.

FIRST Robotics Competition — Software Developer

Oct 2021 – May 2023

- Programmed Java-based robot control routines and autonomous navigation systems for competitive matches.
- Implemented computer vision algorithms for real-time target detection and positioning.

PROJECTS

NextRole — AI Resume & Job Tracker Platform

Lead Developer

- Lead a 5-person capstone engineering team developing an AI-assisted job application tracker and resume optimization tool.

Vega AI PC Assistant — Desktop Automation Agent

- Developing an intelligent assistant designed to interact with and control local PC operations through user-directed tasks.

Property Management System — Node.js, Express, PostgreSQL

- Built a full-stack property and tenant management application complete with REST APIs, relational database, and CRUD workflows.

CERTIFICATIONS & TRAINING

- **AWS Certified Cloud Practitioner** — Preparation completed; exam scheduled for December 2026
- **ITS Certifications:** Java, Python | **MTA:** Software Development Fundamentals (JavaScript)
- **Unity Certified User** | **Adobe Certified Associate:** Photoshop, Premiere Pro, After Effects
